Frontend Developer — **December 2025 – Present**

- Contributed to the frontend development of an ERP system by building responsive and reusable UI components.
- Worked closely with the team to enhance the application's interface, optimize performance, and fix UI-related issues.

EDUCATION

Azerbaijan State Pedagogical University – Baku, Azərbaijan
Bachelor's Degree in Mathematics Education — **2020 - 2024**

- Developed a strong foundation in mathematical logic, pedagogical methods, and problem-solving strategies. Gained experience in curriculum design, student engagement, and educational psychology.

Turing Academy – Baku, Azərbaijan
Frontend Development Program — **October 2024 – May 2025**

- Hands-on training in modernfrontend development tools and technologies such as HTML5, CSS3, JavaScript, React, and TypeScript. Focused on responsive web design, component-based architecture, version control, and collaborative development workflows using Git and GitHub.

Network Training Center – Baku, Azərbaijan
IT Essentials Course — **December 2023 – February 2024**

- Gainedfoundational knowledge inITsystems, computer hardware, software, networking basics, and troubleshooting. Built a practical understanding of IT support processes, digital security, and system maintenance essentials.

PROJECTS

Graphic & Motion Designer Portfolio Website

Project Description:

Designed and developed a responsive portfolio website showcasing creative works with a modern, user-friendly interface.

Technologies & Tools Used:

- React.js, Tailwind CSS, JavaScript, Git & GitHub

EDU Company – Education Platform Clone

Project Description:

- Developed a full-stack educational platform clone with React.js, Node.js, Express.js, and MongoDB, implementing responsive UI, authentication, and RESTful APIs.

Technologies & Tools Used:

- React.js, Redux, React Router, Tailwind CSS, Node.js, Express.js, MongoDB, JWT, Axios, Git & GitHub

TRAININGS & CERTIFICATIONS

- **Meta React (Specialization Certificate)** – Meta, Coursera – June 2025
- **Developing Back-End Apps with Node.js and Express** – IBM, Coursera – June 2025
- **Ultimate TypeScript Course 2024** – Packt, Coursera – June 2025
- **Version Control** – Meta, Coursera – June 2025
- **Foundations of UX Design** – Google, Coursera – June 2025
- **Build Websites with HTML, JavaScript, AngularJS & React** – Board Infinity, Coursera – June 2025
  Learn Next.js – SCRIMBA, Coursera – June 2025

LANGUAGES

English – B1

Azerbaijani – Native proficiency

Russian – A2

Turkish – B2

SKILLS & COMPETENCIES

Technical Skills:

Front-End Technologies: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Tailwind CSS, SASS/SCSS
User Interface & Responsiveness: DOM Manipulation, Responsive Design (Mobile First)
Tools & Libraries: Git & GitHub, NPM, Axios, React Router, Chrome DevTools, Figma (for UI Review), JQUERY, animation libraries
Basic Back-End Knowledge: RESTful APIs, JSON, Node.js, Express.js MongoDB
Project Management Tools: Jira, ClickUp, Trello

Soft Skills:

Team collaboration and effective communication, Problem-solving and critical thinking, Time management and adaptability, Attention to detail and quality-focused mindset, Fast learning ability and self-motivation, Ownership, accountability, and clean code writing habits
